## Order/Delivery Policy

All orders shall be subject to the terms and conditions of this policy and shall not be subject to the terms, conditions, or provisions of any order confirmation, except to the extent that such confirmation specifies quantities.

FUSA shall use commercially reasonable efforts to fill orders, but FUSA shall not be liable for non-performance or delays caused by a supply shortage of raw materials, manufacturing problems, delivery or labor problems, acts of regulatory agencies, discontinuation of a product line, Acts of God, or causes beyond its control. CUSTOMER agrees that in such events, FUSA may allocate PRODUCTS among all CUSTOMERS without liability.

### Freight and Distribution

Published prices for DISPOSABLES include freight and distribution charges as long as the order is placed five (5) business days prior to the scheduled delivery date. All Home Hemodialysis Patient orders that are less than four hundred dollars (\$400) may be subject to a delivery charge of one hundred seventy-five dollars (\$175). Published prices for EQUIPMENT do not include freight and distribution charges. These charges shall be arranged and billed separately.

CUSTOMER is responsible for all freight and distribution charges for all PRODUCTS when expedited order processing and delivery is required unless specifically provided in this policy.

All shipments are considered "contiguous USA only" unless otherwise mutually agreed to in writing by CUSTOMER and FUSA.

All EQUIPMENT shall be sold FOB Walnut Creek, California. All other PRODUCT(S) sold hereunder shall be sold FOB Destination as long as the PRODUCT(S) are delivered in accordance with this policy.

### PD Cyclers Delivery/Pickup

A cycler delivery charge of fifty dollars (\$50.00) will apply for new orders. Cycler pickup charge of one hundred dollars (\$100.00) will apply.

### Damaged or Lost PD Cycler

CUSTOMER assumes the entire risk of loss of or damage to the Cycler. In such cases, CUSTOMER will be invoiced a fee of six thousand dollars (\$6,000.00) to cover the costs of such a loss. In the event the Cycler is not returned according to FUSA's Order/Delivery Policy within thirty (30) days, the fee shall be invoiced and be payable to FUSA immediately.

### PD Vacation Cyclers

If CUSTOMER would like to order a Cycler for delivery to an alternative location, a two hundred fifty dollar (\$250.00) charge will apply. All applicable Cycler delivery/shipping/pickup charges apply. If the Cycler is not returned within thirty (30) days of delivery, the Damaged or Lost Cycler fee of six thousand dollars (\$6,000.00) will be charged.

### Scheduled Deliveries

CUSTOMER and FUSA shall develop a mutually agreeable delivery schedule, and CUSTOMER'S delivery days shall be set according to such schedule. Altering this delivery schedule represents an exception and may be discussed with the FUSA Sales representative and/or Customer Service, who shall review any proposed changes with Distribution prior to making changes.

All delivery frequencies and days shall be maintained in FUSA'S transaction management system to determine if an order represents a scheduled or unscheduled delivery. All home patients shall receive a calendar indicating their ordering days and scheduled delivery days. Units/clinics may request a calendar at any time.

All orders delivered on a scheduled delivery date which are placed with Customer Service no later than five (5) business days prior to the scheduled delivery date are shipped FOB Destination. ## Order/Delivery Policy, Continued

### Off-Schedule Deliveries

Orders requiring off-schedule delivery shall be shipped FOB Origin. Commercially reasonable attempts shall be made to make the off-schedule delivery on the FUSA Fleet. FOB Origin deliveries made on the FUSA Fleet may be subject to a freight charge of one hundred fifty dollars (\$150).

All other off-schedule deliveries shall be shipped commercial carrier, FOB Origin, and all actual incurred freight charges shall be added to the invoice. Freight charges shall be waived automatically for any off-schedule delivery due to the following:

- a) Initial order for new home patients (PD and Home Hemo);
- b) Training or retraining home patient supply shipments to the unit;
- c) Error on the part of FUSA; or
- d) Any event out of the patient's control based on the result of a change in therapy or a medical condition that requires an off-schedule delivery. This includes changes in modality, fill volumes, dextrose percentage or solution changes. Every effort should be made to minimize the amount of additional product required until the next scheduled delivery date for the patient.

### Acute Hospital Freight Policies

Recognizing that acute hospitals have unique delivery and service requirements, they may select one of the following three (3) options regarding their deliveries:

- a) FUSA and CUSTOMER negotiate a mutually agreeable delivery frequency but not to exceed once weekly. All shipments shall be FOB Destination.
- b) Utilize a third-party distributor when delivery frequency greater than once a week is required. All fees with third-party distributor are at the CUSTOMER'S expense.
- c) Orders placed and shipped as requested by the account with no pre-determined delivery schedule or frequency. All shipments shall be FOB Origin. If the delivery can be made on the FUSA Fleet, the account may be subject to a delivery fee of one hundred fifty (\$150). If the delivery cannot be made on the FUSA Fleet, a common carrier shall be used, and all commercial carrier charges shall be invoiced to CUSTOMER.

### Receipt and Verification

All deliveries must be verified within two (2) business days from receipt in order to receive credit for shortages or to have PRODUCT(S) replaced without incurring delivery charges. After the two (2)-day period, standard return goods policies are in effect. It is incumbent upon the clinic and patients to verify their deliveries to ensure that all items ordered and shipped are received.

### Proof of Delivery

The FUSA invoice and packing list must be retained as proof of delivery. Subject to availability and within three (3) months following the date of shipment, requests for additional documentation of delivery (e.g. carrier delivery logs) may be subject to a service charge of thirty-five dollars (\$35).
